Deputy Commissioner's Office
Hassan District.
Dated Camp Chennarayana 18th March

No. 821
Recd.

From, The Deputy Commissioner,
Hassan District.

To, The Chief Secretary to the Govern-
ment of Mysore.

Sir,
With reference to Government Proce-
-ding No. $\frac{12192-200}{L 1201}$ dated 18th ultimo, I have
the honor to submit a report on the existing
system of collecting Octroi and other taxes
in the several Municipalities of this District
and the Establishment employed on this work.

1. In the Hassan Lower Octroi duty is
collected by the Municipal Overseers assisted
by Municipal Commissioners and by an
establishment consisting of 6 peons @ Rs 5
each per mensem. This work is done
under the immediate orders of the Vice
President. Two Cuttays have already
been established one at the eastern
entrance

entrance and the other at the western entrance of the town, where the duty is collected by 4 peons, two at each - and the remaining two are employed on detective duty.

2. House and Dohatarfa taxes are collected by a Dutsady on Rs 12 per mensem paid from the Municipal funds. This establishment works under the immediate orders of the Amildar of Hassan Taluk. A Municipal peon and a Kulwady are deputed to assist the Dutsady during the Collection Season. Kaska Patel's services are also utilized for this work when necessary. The Dutsady attends to other work in connection with the Municipality under orders of the Vice President.

3. In the Junior Municipalities, House and Dohatarfa taxes are collected by respective Chaubogdas under orders of Amildars without remuneration of y kind given them from the Municipality for their services.

4. In the Hassan Town Mohatafa Jamabandry is conducted by the Hassan Amildar, and in the minor Municipalities, this work is done by the respective Amildars, subject, however to the confirmation of the Deputy Commissioner, who is the President of the Municipal Board of the District.

5. In the Municipalities noted in

1. Hoor.

2. Suklespur.

3. Belur.

4. Chennarayana

the mauja, octroi duty is collected by respective Chaudogues, who are paid

an allowance at 5 per cent on the aggregate collection thereof. This charge amounts to Rs 110 per annum as per accounts for 1909.

The maximum remuneration of a Chaudogue is Rs 40 and the minimum Rs 6 per annum. In the Belur Town this work is entrusted to the Municipal Dubbedar who receives Commission at the rate specified above.

6. It may not be out of place to mention here, the inconveniences experienced

experienced by Amildars in getting responsible
officers to entrust them with all work con-
nected with the Municipal Department,
as the Gymnasias working in the Revenue
Department have been already over-bur-
dened with work. The matter has been
brought to the notice of Government
in this Office No 358 of 31st August 1891.

Besides the collection work there is good deal to be done in the Taluk Cutcheray, viz, preparation of estimates for municipal works and the accounts, Budgets &c.

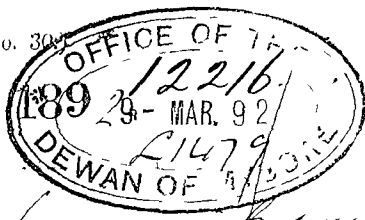

7. Under these circumstances I am of opinion that without incurring extra charges at a reasonable cost in proportion to the income of the Municipality concerned, there is little probability of ensuring efficient and satisfactory discharge of work in the Department.

I have the honor to be,

Sir
 Your most-obedient servant

1st February last calling for a re-
-port as to the establishment em-
-ployed in the collection of octroi
and other items of Municipal revenue
in the several Municipalities of this
District, I have the honor to state,

that in the 4 Municipalities noted in
* Challahere. the margin all Municipal Collections
* Solahere.
Jagaloor. are made by the village officers.
Holkalunna. 2-

In the Municipalities of
Keriger

Kirique and Rosadurga, [&] except Octroi
which is collected by the Salt & =
= Establishment, the other items of
Municipal revenue are collected by
the village officers.

3- In the Municipalities of
Chitaldroog, Daulgeri and Karihar
the Municipal Kootsaddis, who are
to look after the work of Conservancy,
also collect the Octroi duty, while
all other items of revenue are collect-
= ed by the village officers.

4 - Thus it will be seen that
No separate Establishment is main-
tained in any of the Municipalities
in this District for the Collection of
Municipal revenues.

Shimoga District
Deputy Commr's Office
Shimoga 11th June 1892.

To

The Chief Secretary to the
Dewan of Mysore.

Sir,

With reference to Government
Proceedings No 12192-200 dated the
1st February last, I have the honor
to forward a statement showing
the particulars of Octroi and
Mohatarfa collected in each of the
Municipalities in this District together
with the cost of the establishments
maintained by them.

Shimoga - 2. In this Municipality the
Octroi is levied not only on piece
goods but also on 8 other articles,
the duty amounts to Rs 5650 while
the cost of levying it is Rs 588 i.e.
more than 10 per cent.

3. The Sayer Mangar with the
aid of his Karkun colli.

Oetroi. Neither of these officials is paid anything by the Municipality for this duty. The whole of Rs 588 paid by the Municipality goes to the 11 Volkars 10 of whom are posted at the five Ukuds, 2 at each and the remaining one Vokkar is working at the Saye-Katte where the Mangar with his Karkoon is employed.

4. The Mohatarfa amounts to Rs 7002 which is collected by a Karkoon aided by peons, costing the Municipality Rs 264 a year i.e about 4 p.c.

5. The supervision of the Conservancy inclusive of a Gumasta on Rs 12 working at the Saluk Cutcherry costs Rs 876 a year while not quite Rs 200 if. is spent on actual work road repairs &c.

6. The establishments maintained are much too costly and have to be curtailed to the lowest possible minimum, if it is intended to

spend more money year by year on useful works, which is very necessary.

7. The Vice President (Mr. Kagesha Rao) thinks that it is not possible to arrange the collection of the Octroi and Mohatarfa by the village officials and that the establishments now maintained should continue.

8. Sainoga has a Patel who is paid a Potgi of Rs 25-4-0 a year and a Shambhogue who has three adjoining villages besides the town and he is paid Rs 77-12-0.

These officials do no part of the Municipal work.

9. I think the services of the Patel and Shambhogue should be availed of and the establishment reduced at least as follows:-

1 Taluk Mutsaddi at Rs 12	—	144
1 Karkoon at Rs 12	—	144
2 Peons at Rs 5	—	120
1 Octroi Kolkar @ Rs 5	—	60
		Rs 468
		per annum.

This will still have a heavy cost of Rs 1260 a year -

10. The Municipal Quorser on Rs 25+5 a month, ought to be able to manage the whole work under the several heads with the help of the Patel, the Shanbhogue and the Daffedar, a man who can read and write Canarese being put into the last named post.

11. The village officials collect Other Municipalities Mohatarfa in all the other Municipalities except Tirthalli where the Sayer Mangar collects it as well as the Octroi on piece goods - The village officials may collect Mohatarfa in future at Tirthalli as in other Towns.

12. At Nagar and Sorab, the Sayer Kolkar and Harkoon respectively collect the Octroi on piece goods -

13. The Octroi is collected by

Municipal Mutsaddis in the
Municipalities noted on the map^x
In all these places there are
Sayer Kattas, except Kyambty
which has none.

14. The Sayer officials may well
collect the Oetroi at the said
places as at the other towns, and
the village officials may collect
Oetroi also at Kyambty.

15. No Oetroi exists at Benki-
pur, Kotehmunar and Kurnsi.

16. The Amildars of Sagar and
Sitkarpur expressed no opinion
in respect of the proposal under
discussion while the others, are
in favor of the existing arrange-
ments.

17. The Municipal Mutsaddis
now employed may be kept on
for conservancy supervision &c
except those at Kyambty and
Siralkop where their services

may well be dispensed with -

18. The Municipalities of Kotehommur, Nagar and Sagar pay Rs 12 a year to the Taluk Gurnastaks for Municipal work done by them while the Sagar Municipality pays Rs 24. This payment in the case of the Kotehommur Municipality may be done away with and the payment at Sagar reduced to Rs 12 a year -

19. The Sub Division Officer at Sagar recommends the collection of Octroi and Moha-tarfa by the village officials and a commission of 2 per cent being paid to them but I think this is not necessary any where except at Shimoga where a commission of one per cent may be paid to the Patel and Shambhogue who may well collect

collect the Town Mohatarfa - This
will give them Rs 35 each a year
(more or less) -

The existing arrangements
of the collection of Octroi by the
Lager officials as detailed above
may continue -

I have the honor to be

Sir,

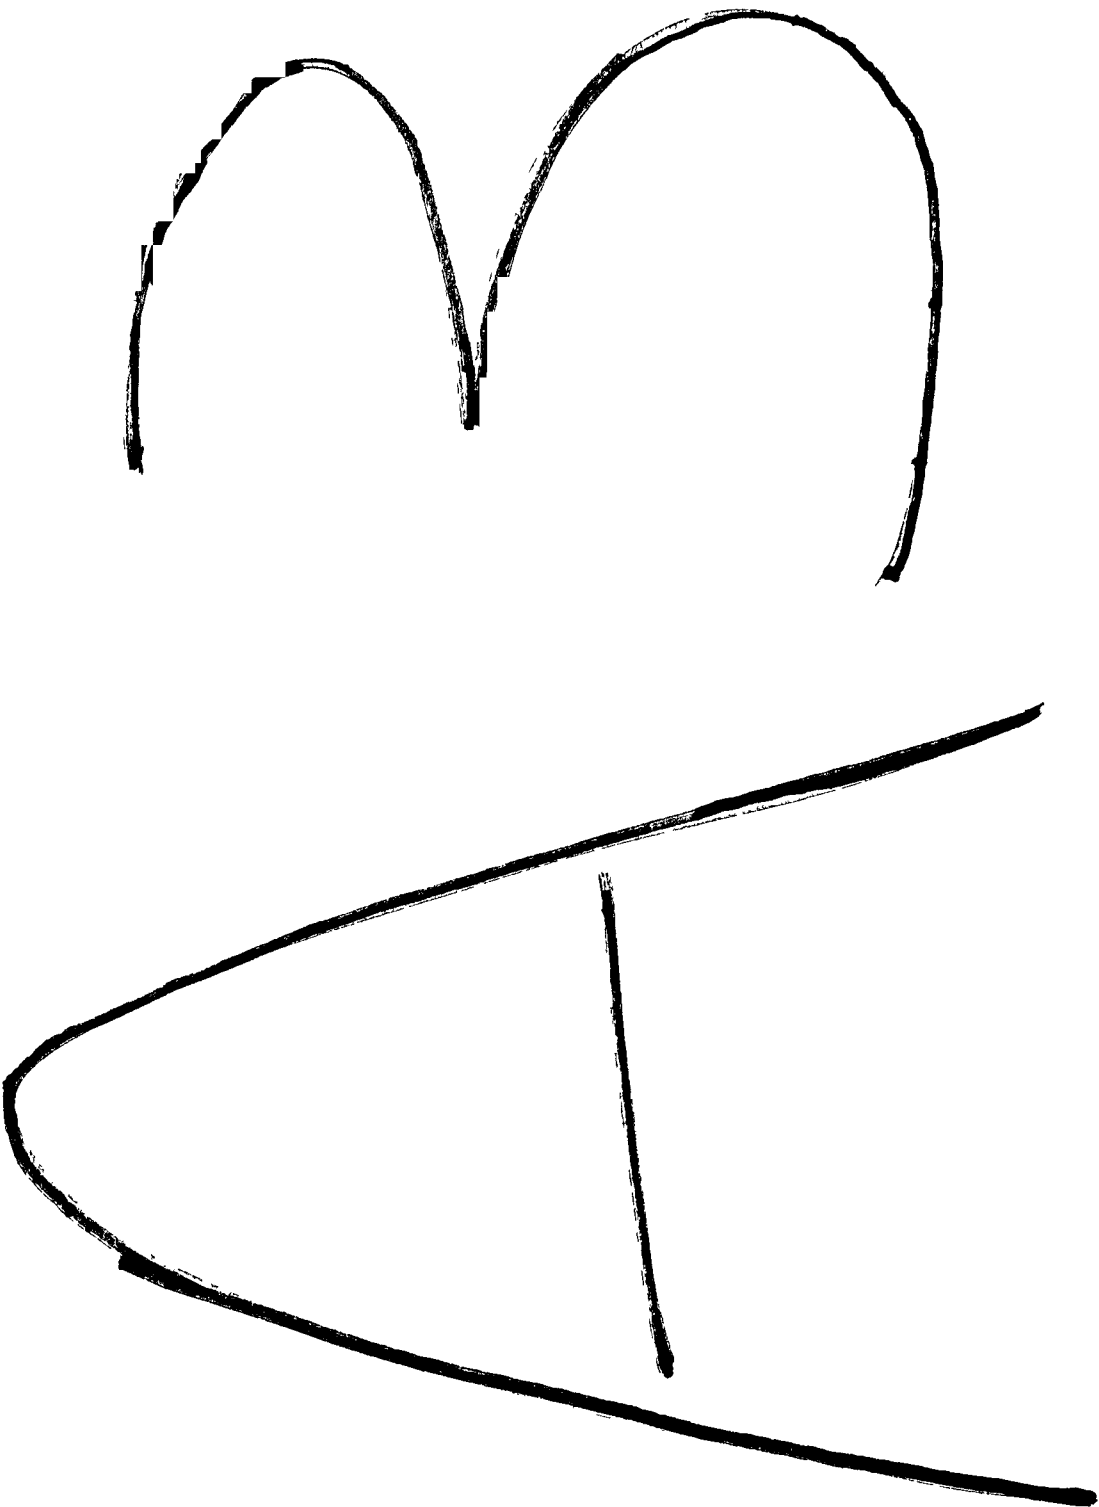

Your most obedient servant.

Abd. Mulla Khan Bahadur.

The Dy Comm suggests the

ment till the introduction of

He adds that if the village

The Dy Comm recommends the
continuance of the present arrangement

Octroi is collected in the
municipalities of Lembangatam,

The District Head Quarter

collecting the Moh. turfa tax,
while the same collected
by village servants in minor
municipalities without any
remuneration whatever.

Ghumoga D. Comr.
Let. D. 11/6/92 c. 10 $\frac{270}{259}$.

In Ghumoga separate
establishments are maintained
for the collection of Octroi
as well as Moh. turfa. In
minor municipalities, Moh. turfa
is collected by village officials,
except at Theerthahalli, where
the work is entrusted to ^{the} Pagar
Mānegar; while Octroi is
collected in Chennageri, Honnali
Chyama, Shikarpur, Sivalepe
and Pagar by municipal
mutseddies and in Chag
Theerthahalli and Sorab by
Pagar establishments.

The Sub. Division off

Pagar is of opinion that the collection of Oetooi and ellohatusfa may be entrusted to the village officials on payment of 2 per cent commission, but the Dy Commr considers that this is unnecessary except at Shimoga, where the posty establishments employed for the collection of ellohatusfa may be replaced by village officials, ~~that~~ the existing Oetooi establishment reduced considerably; and that the collection of Oetooi in the other towns may be entrusted to sayer establishments.

In Chikmagalur Kader Dy Commr's Docket dated 25 May 1892 No 35: and Sringeri, separate establishments are employed for collecting Oetooi and ellohatusfa including House tax and their continuance is stated

stated to be necessary. In
the other municipalities except
Ajijampur, where there is a
Peon on 6 Rs per mensem,
House and ellohateerpa taxes
are collected by village officials,
on payment of commission ~~being paid~~. The
continuance of this system is
recommended. The procedure
observed as regards Octroi
varies in different places.
In Tankeve, duty on one of
the 2 articles, viz Oil, is collected
by the Municipal Mistarddy, but
that on the other, viz Cloth by the
Taluk Gumnasta. In Kader,
and Beerur, Sayer establish-
ments collect Octroi receiving
5 per cent commission with
the assistance of Peons employed
at the cost of Municipal Sams.

In yedahally however, the
Munice, Mutsuddy, in
addition to his legitimate
duties, collects the tax
under the supervision of
the Deputy Amildar. The
Dy Comr recommends the
discontinuance of the commission
paid for the collection of
Octroi in Kader and Benar.

The Dy Comr of the
Chittaldroog District states
in his letter dated 6 March
1892 no $\frac{581}{550}$ that no separate
establishments are maintained
in any of the municipalities
for the collection of municipal
revenues. In Chellakere,
Kolalkere, Jagalur and
Molkalmur all municipal
collections are made by the
village officers In Honyur
and

and Hosdurg, Ootora, collected
by Taluk establishments and
in Chittaldroog, Dungeene
and Harihar by Muteddas
employed for conveyance.

Inb^d

The Govt are of
opinion that Muteddas
should always & every
when be collected by
the Taluk & village
establishments as it
is ~~the~~ part of their legitimate

this be done in future
except in the ^{cities} ~~cities~~ of

No. 5954-63—L. F. 157-92, DATED BANGALORE, 31ST OCTOBER 1892.

ORDER THEREON.—In their Proceedings, dated 1st February 1892, No. 12192-200—L. 1201, Government observed that the Octroi and other collection in some Municipalities were made without payment of any commission to village officers or entertaining any special establishments for the same, while in some Municipalities there were either special establishments maintained or commission paid to village officers and therefore called upon the Presidents of all Municipalities, except the largest towns of Bangalore and Mysore, where separate establishments are absolutely necessary, to explain the existing arrangements in each Municipality for the collection of revenue and to furnish their opinion as to the feasibility or otherwise of a uniform system of collection by village officers and the Taluk establishments without any extra cost to the Municipalities. The papers recorded above are in reply.

2. The Deputy Commissioner of the Kolar District reports* that the Octroi on cloth is collected by the Amildar or Sheristadar in the Taluks and by the Deputy Amildar or Head Gumasta in the Sub-Taluks, the piece goods being taken by their owners to the Taluk Cutcherries.

No. 880—192, dated 27th May 1892.

3. Mohatarfa and Miscellaneous items are collected by village Shanbhogs and Patels, to whom 1 per cent commission is paid in Minor Municipalities, while in the District Head-quarter town, salaries at the rates of Rs. 7 and Rs. 5 per mensem are paid to the Patel and Shanbhog respectively.

4. The Deputy Commissioner suggests the continuance of the present arrangement till the introduction of Pakka Potige settlement, in which Mohatarfa collections will, he believes, be taken into account. He adds that if the village officials are relieved of the work, a separate establishment will have to be entertained at a very high cost.

5. In Tumkur, Octroi is collected by the Municipal Overseer, while Mohatarfa in this and other Municipalities is levied by village officials without any remuneration, as it is believed that Mohatarfa tax was taken into account in fixing the Pakka Potige. The Deputy Commissioner recommends the continuance of the present arrangement.

Tumkur Deputy Commissioner's No. 818, dated 9th February 1892.

*Proceedings of the Government of His Highness the Maharaja of
(Local Boards Branch—Municipal),—dated 31st October 1892.*

6. Octroi is collected in the Municipalities of Seringapatam, Hunsur and Nanjangud, but separate establishments are maintained in the first and the last towns only, while for Hunsur, where no establishment at present exists, the Board recommend the payment of a commission to the collection agency.

Mysore Deputy Commissioner's letter, dated 1st September 1892, No. 508.

7. Seringapatam enjoys full Mohatarfa and the other Municipalities a moiety thereof, but Seringapatam and Melkote alone maintain special establishments, while commission is paid to the village servants, in Nanjangud, as no Pakka Potige is received by them. The Deputy Commissioner considers that the collection establishment in Seringapatam has to be strengthened and that instead of a separate Mutsaddi for Melkote, the payment of commission to the village servants would prove financially advantageous to the Municipality. The Municipal Board at Hunsur consider that, as only a moiety of Mohatarfa is credited to them, no cost on account of its collection should be debited to them.

8. Special establishments are maintained at Hassan for collecting Octroi, while in other towns village servants do the work on payment of 5 per cent commission except at Belur, where the work is entrusted to the Municipal Dafadar who receives commission at the same rate.

Letter from the Deputy Commissioner of Hassan, dated 1st March 1892, No. 821.

9. The District Head-quarter town employs a Mutsaddi for collecting the Mohatarfa tax, while the same is collected by village servants in Minor Municipalities without any remuneration whatever.

10. In Shimoga separate establishments are maintained for the collection of Octroi as well as Mohatarfa. In Minor Municipalities Mohatarfa is collected by village officials, except at Tirthahalli, where the work is entrusted to the Sayer Manegar; while Octroi is collected in Channagiri, Honnali, Nyamti, Shikarpur, Sralkoppa and Sagar by Municipal Mutsaddis and in Nagar, Tirthahalli and Sorab by Sayer establishments.

Shimoga Deputy Commissioner's letter, dated 11th June 1892, No. 270—259.

11. The Sub-Division Officer of Sagar is of opinion that the collection of Octroi and Mohatarfa may be entrusted to the village officials on payment of 2 per cent commission, but the Deputy Commissioner considers that this is not necessary except at Shimoga, where the costly establishments employed for the collection of Mohatarfa may be replaced by village officials, and the existing Octroi establishment reduced considerably; and that the collection of Octroi in the other towns may be entrusted to Sayer establishments.

12. In Chikmagalur and Sringeri, separate establishments are employed for collecting Octroi and Mohatarfa including House tax and their continuance is stated to be necessary. In the other Municipalities except Ajjampur, where there is a Peon on Rs. 6 per mensem, House and Mohatarfa taxes are collected by village officials, on payment of commission. The continuance of this system is recommended. The procedure observed as regards Octroi varies in different places. In Tarikere, duty on one of the 2 articles, *viz.*, oil, is collected by the Municipal Mutsaddi, but that on the other, *viz.*, cloth by the Taluk Gumasta. In Kadur and Birur, Sayer establishments collect Octroi receiving 5 per cent commission with the assistance of Peons employed at the cost of Municipal Funds. In Yedahalli, however, the Municipal Mutsaddi, in addition to his legitimate duties collects the tax under the supervision of the Deputy Amildar. The Deputy Commissioner recommends the discontinuance of the commission paid for the collection of Octroi in Kadur and Birur.

Kadur Deputy Commissioner's docket, dated 25th May 1892, No. 35.

13. The Deputy Commissioner of the Chitaldroog District states in his letter, dated 6th March 1892, No. 581—550, that no separate establishments are maintained in any of the Municipalities for the collection of Municipal revenues. In

*ings of the Government of His Highness the Maharaja of Mysore,
(Local Boards Branch—Municipal),—dated 31st October 1892.*

Challakere, Holalkere, Jagalur and Molkalmuru, all Municipal collections are made by the village officers. In Hiriur and Hosdurga, Octroi is collected by Taluk establishments and in Chitaldroog, Davangere and Harihar, by Mutsaddis employed for conservancy.

14. The Government are of opinion that Mohatarfa should always and everywhere be collected by the taluk and village establishments, as it is part of their legitimate duty and they direct that this be done in future except in the Cities of Bangalore and Mysore. Where the Pakka Potige has been fixed and the Mohatarfa collections are taken into account in fixing the Potige—a fact which may be ascertained from the Settlement Department—the village officers are not entitled to any special remuneration, but where it has not yet been fixed, or if fixed the Mohatarfa has not been taken into account, the Deputy Commissioners may, at their discretion, grant the village establishments a small commission, not exceeding 2 per cent on the collections. No special establishments should be entertained for the collection of Mohatarfa. The moiety payable to Government is the moiety of the net collections, that is, collections minus the commission paid to village officers, if any.

15. As regards Octroi, which is entirely a Municipal tax, it must be collected by the Municipal authorities at the expense of the Municipal Funds, but where it could be easily collected by the Taluk, Sayer, or village establishments, it may be done so and a small commission, not exceeding 5 per cent paid to them when such payment is considered necessary. The moiety paid to Government on some articles should, as in the case of Mohatarfa, be half of the net collections. Where the collections are made by Municipal authorities, who have also other duties to perform, 5 per cent may be deducted as the cost of collections.

16. The Deputy Commissioners are requested to give effect to the above orders from 1st January 1893.

Abstract.
 Letter from the Dy Commr of
 21/9/93
 the Bangalore District dated 3rd
 12 March 1893 to 875, enclosing 2
 statements - one showing the total
 amount of ellahatifa collection
 and the other the ^{portion} thereof
 taken into account in fixing the
 Potage remuneration and requesting
 orders as to whether the village
 officials may be paid an allowance
 on the municipal share of ellahatifa,
 which appears to have been excluded
 in fixing the Potage

Ellagudi	1167	8	3	1167	8	3	2335	4	6	1624 6 "

From the figures entered
 in the above statements, of which
 an abstract is given in the margin,
 it would appear that the Mohatifa
 taken into account in fixing the
 Potage remuneration is less than
 the share thereof credited to Govt
 in the municipalities of Yelahanka
 Kengeri, Chelamangala & Thyagarangudi,
 but it is considerably more
 the Govt share of ^{same} ellahatifa in
 the case of the Kemamma Municipality
 i.e. Ellagudi, but the Dy Commr
 recommends the payment of
 the remuneration to village officials

municipal share of the ~~allohatusfa~~⁵³
 in all the municipalities referred
 to. Government ~~are aware~~^{have no doubt} that
 the extended operation of the ~~allohatusfa~~
 on exempted classes authorized in
 the late Chief Commr Proceedings dated
 7th September 1879 ³³⁶²⁻⁷³ _{ml 161} developed
 the income from this source and
 that the whole ~~allohatusfa~~^{was} ~~ought to~~
~~have been~~ taken into account in
~~fixing the Potage~~ and not ~~as~~ Govt.
~~have only~~ as the Dy Commr seems to
 consider. Owing to the increase of
 work devolving on the village
 officials in collecting this duty, the
 Govt will not ^{promiss} object to the
 payment of extra remuneration,
 but the principle upon which the
 payment is recommended does not
 commend itself to Govt. If at
 all it ought to be paid on the
 difference between the total ~~allohatusfa~~
 minus the amount taken into
 account in fixing the Potage and
 it upon ^{the} municipal share. Before
 issuing final orders however, the
 Dy Commr is requested to submit a
 statement showing the no and value
 of houses paying ~~allohatusfa~~ as existing
 previous to 1879 ~~and~~ when all houses
 were ordered to be taxed, without

 of Bangalore of an allowance being sanctioned
 from the Municipal Funds to
 the Village Officials for their
 Collecting the ^{porting} Indhatirfa taxes
 made over to the Municipality
 of Minor Municipalities of
 the District. The question is
 whether the Indhatirfa revenue
 taken into account by the
 Survey Dept in fixing the
 Govt. Lakha Pitsi of the Village
 Officials of the towns noted in
 the margin does include
 made or does not include
 the ^{municipal} portion of Indhatirfa

of the Potgi
allowance was
based.

It is not clear ~~if~~ whether
the amounts mentioned in the Statement
received with the Dy Commr's
Docket of 9th Jan'y last are the
total Mohatunja Revenue or only
the moiety of it made over to the
Municipalities. ~~If the former~~ ^{then must be explained.}

Sr,

In Submitting a copy
of a Resolution recorded by the
Municipal Commissioners of the Town of
Harihar at a meeting held on 12.2.1894,
I have the honor to state that the
Potige, which under para 14 of the
Proceedings of Government No. 5954-63
dated 1st October 1892 disentitled the
village Establishments ^{to} ~~from~~ claiming
commision, does not benefit the
Salaries in any way, the only person

who get the advantage thereof being the Patel and Shambhogue. For making Mohatarfa collections in Municipal towns, the Services of Talaries are as indispensable as those of Patels and Shambhogues. But unlike Talaries in villages, Talaries in Municipal towns get no "aya" for their services and it does not seem fair to compel them to work without remuneration.

2. Under these circumstances I am of opinion that a small commission may be paid to the Talaries assisting in making Municipal collections, both in the town of Harihar and in other Municipal towns. The rate recommended by the Harihar Board seems too high, amounting as it does to above two per cent of the collections. Under the Proceedings quoted above, two per cent represents the commission payable to the entire village establishment.

Establishment engaged in the work of collection - For their share of such work, Patels and Shambhogs get a Portiga allowance. For the Yalanes, share of work, a commission not exceeding one per cent would be a reasonable remuneration and I beg to solicit the sanction of Government to the payment thereof in all Municipal towns in this District including Harihar.

I have the honor to be

Sir

Your most obedient Servant

Letter of 11 July 1884 to 36
from the Deputy Commr of
Chichester District for
recommending the payment of
a commission not exceeding
one per cent to salaries in
the Municipal town of the Dist.
for assisting in the collection
of House and Shopkeeper taxes.

Order thereon.

Before passing order
on the proposals submitted
the Govt desire the Dy Commr
to submit information on
the following points: —

I. Before the formation
of the Harbour Municipality if the
salaries were employed in
the collection of the Shopkeeper
tax how many they remunerated
the proposal submitted
is a novel one and
requires further informa-
tion, before the Deputy Commr.
will be requested to report
on the following points:

II. ~~was there any order~~
~~laying down~~ ~~that by the~~
establishment of a
municipality in any

town ^{now} ~~relieve~~ the townspeople released
from their duty of paying
Aga & Salaries ^{as head tax} in respect
of the collection of Moshakufa
revenue? It is believed
that Salaries get Aga from
the townspeople in respect
of land revenue.

III How many Salaries
are proposed to be employed
in each of the Municipal towns
of the District? What remuneration
would such individual get
at the rate or rates which not
exceeding one per cent of
the revenue from Moshakufa and
House tax? ~~and whether~~ whether
the amounts so calculated
would be sufficient? and what Aga and
at what rates, whether in grain
or cash, the Salaries to and
how the Salaries ~~were~~ ^{would} be
entitled to if the Municipalities had not been
established?

By Commissioners' Office,

Rev & Genl Departments.

Sir,

Adverting to the Government
Proceedings No 15785-6 dated 22nd March
1894, ^{L.F. 157-92} anent the payment of an allow-
-ance from Municipal Funds to the
village officials for collecting the
Mohatarfa made over to the Minor
Municipalities till the Potasi settle-
-ment is effected, I have the honor
to submit that the Pakka Potasi
of Anekal, Sarjapur and Dornica-
-Sandra towns has since been settled
by the Survey Department, but the
Mohatarfa revenue has been excluded
from the revenue on which the Potasi
is calculated. On a reference to the
Survey Superintendent, he refers to
Government Proceedings No 3977
L. 485

dated 1st June 1892, according to which the abolition of Motatarpa in all the Municipalities is under the consideration of Government, and even if it should continue, it must be collected at the expense of the Municipalities. This order apparently seems to have been cancelled by the spirit of the Government Proceedings of March 1894 quoted above. It seems desirable that the P^oasi on Motatarpa should also be settled by the Survey Department at the same time as the Land Revenue, as separate settlements can only result in confusion and clash of interests.

2. The abolition of Motatarpa does not appear to be included in the programme for the revision of the Municipal regulations, and although the item is made over entirely to the Municipalities, the collection and recording thereof are identical with those of Land Revenue proper.

3. I have accordingly the honor

To suggest that the various papers
must be inspected to supply a
for all the things on all items of
income in the Minor Manuscripts

Have the papers to be
seen
